Downloading, unzipping and running #LancsBox

#LancsBox does not require installation. All you need to do is download it from the Internet, unzip it and start using it. Here is a step-by-step guide:

Windows 10

- 1. Download #LancsBox to your computer (<u>http://corpora.lancs.ac.uk/lancsbox/download.php</u>)
- 2. Go to the folder where you downloaded the zip file (e.g. Downloads or Desktop).
- 3. Extract #LancsBox by right-clicking on the zip file and selecting 'Extract all'.

Name	^	Date modified	Туре	Size
LancsBox	Onen		Compressed (zipp	12,954 KB
	Open in new window			
<	Extract All	>		

4. Delete the zip file (you will no longer need it).

Name	Date modified	Туре	Size	
LancsBox	04/10/2016 16:59	File folder		
LancsBox	04/10/2016 16:52	Compressed (zipp	12,954 KB	

5. Go to the LancsBox folder and double click on the LancsBox file.

Name	Java icon (🜆) next to LancsBox indicates that java is installed
corpora resources	on your system. If the icon doesn't appear and double-clicking on the file doesn't work, you need to install java by going to this link: <u>https://java.com/en/download/manual.jsp</u>

6. Congratulations! #LancsBox is ready to be used.
