

## Searching in #LancsBox: KWIC

**T** **Task 1.** Go to the KWIC tool in #LancsBox and search for the following expressions in the LOB corpus (provided with #LancsBox). Note down their frequencies and distributions in texts.

Search term	Occurrences (per 10k)	Texts
research		
research*		
research and *		
NOUNS		
PASSIVES		
>1950 & <1960		
go [as headword]		
/research study/ [as headword]		
N* [as POS]		

**T** **Task 2.** Go to the KWIC tool in #LancsBox and search for the following expressions in the LOB corpus and apply filters. Note down their frequencies and distributions in texts.

Search term	Filter	Occurrences (per 10k)	Texts
new	york [anywhere RIGHT]		
old	f* [in R1 position]		
time	this [in L1 position] was [in R2 position]		

**A** **Advanced exercise.** Find three different ways (search terms) in which you can search for the words 'Australia' or 'Australian' together.
